I am so happy to be a part of @properties. We are the #1 brokerage in Chicago and on the North Shore. @properties is a local agency. We understand the market and what it takes to get the best possible price when you sell your home. That's why we're always innovating — pushing forward to better connect your property to the right buyers. We also have a network of the leading brokers outside of our area nationwide and even globally. @properties values innovation, relationships, excellence in service and provides cutting-edge marketing and sales programs. I will provide best in class real estate services to the people who share my passion, allowing both of us to support animal rescue at the same time.
